

## Play On Philly

### POP FY23 COVID-19 Site-Specific Protocols

Updated 9/21/2022

#### Masking

- At all sites, masking is optional. If a student, teacher, or staff member feels more comfortable when wearing a facemask, they are encouraged to do so.

#### Suspected Case of COVID-19

If a student is exhibiting or experiencing symptoms, they should be directed to the school nurse during the day or be sent home during afternoon programming. The nurse should be notified via email if a child is sent home in the afternoon.

#### Positive Case of COVID-19

If any teacher, staff member or student at POP is positively diagnosed with COVID-19, they must:

- **ICSW** – speak with the nurse for specific instructions on isolation and when to return to school. Teachers/staff must isolate for 5 days at home, then wear a mask for 5 days upon their return to program.
- **SFDS** – isolate for 5 days at home and provide a negative test upon their return to school. Once back at school, wear a mask for 5 additional days.
- **SRL** – isolate for 10 days at home. If we are notified that there is a positive case, everyone in that person’s class (students and staff) must wear masks for 5 days afterwards.
- **RC** – isolate at home for 5 days, then wear a mask for 5 additional days.

#### Contact Tracing

- Schools are no longer conducting contact tracing.
